## NELSON MANDELA HAND OF HOPE

---

Nelson Mandela Hand of Hope Print - Throughout history few have left so indelible an imprint on the international stage as Nelson Mandela. His courage, his compassion and his humanity are among the qualities that have led to this Nobel laureate being recognised as one of the world's greatest statesman. It is therefore fitting that the extraordinary imprint of his right hand should so closely resemble the shape of the continent of Africa. South Africa became free in the way that it did because his hand reached out to all and thus his name became a beacon of hope to oppressed peoples throughout the world. "I have cherished the ideal of a democratic and free society in which all persons live together in harmony and with equal opportunities. It is an ideal which I hope to live for and achieve. But if needs be, it is an ideal for which I am prepared to die." Nelson Rolihlahla Mandela, Rivonia Trial, April 20, 1964. This is a stunningly framed print of his right hand – the Hand of Africa.
